

# FIRE PROTECTION PLANS

## Fire Protection Plans include:

- Detailed narrative
- Architectural floor plans
- Filed with the Dept. of Buildings
- Floor plans show all exits, doors, corridors and partitions serving as fire barriers

A **Fire Protection Plan (FPP)** is a requirement needed for a building to obtain its **Certificate of Occupancy (C of O)** for a new development or change of use.

“RDM has been a true partner in assisting our building with their Emergency Action / Fire Safety Floor Plans & Fire Protection Plan services.”

*Nancy Lara, Vice President | JLL*

- Penalty Avoidance
- Occupancy Delay
- Full service plan facilitation
- Industry standard output provided

**RDM HAS COMPLETED FPPS FOR OVER 300 BUILDINGS IN THE LAST 24 MONTHS**
